

WAGE: Summary of response

(English)

WAGE does not have projects or initiatives related to the Ring of Fire assessment area.

As a federal authority WAGE has provided guidance and advice on GBA Plus and related gender-issues on various phases (e.g., Federal Authority Advice Record [FAAR] and the Tailored Impact Statement Guidelines [TISG]) of impact assessment for two projects in the Ring of Fire area: (i) Webequie Supply Road; and (ii) Martin Falls Community Access Road.

WAGE's expertise includes **Gender-based Analysis Plus** (GBA Plus) and **Gender-based Violence** (GBV). To support key priority areas for the Ring of Fire project, best sources of existing data for GBA Plus application are:

- (i) Gender, Diversity, and Inclusion Statistics Hub (GDIS) and the
- (ii) Gender Results Framework data tables.
