**SUBJECT: Nain Airport Project – Time Extension Request for Detailed Project Description and Summary of Issues Responses**

Dear Jeff Balsdon,

On behalf of the Nunatsiavut Government, the NNAFS Project Office acknowledges receipt of the letter from the Impact Assessment Agency of Canada (the Agency) dated February 27, 2024, for the New Nain Airport Project (the Project). This letter indicated the conclusion of the Project comment period and compilation of the Summary of Issues by the Agency. The Impact Assessment Act planning phase allots proponents 30 days following receipt of this letter to prepare the Detailed Project Description and response to the Summary of Issues, which means this information is due on March 28, 2024.

However, additional time is needed by the proponent to prepare the Detailed Project Description and Summary of Issues responses, and on behalf of the Nunatsiavut Government, we request that the planning phase time limit be suspended as of March 28, 2024.

Should you have any questions regarding this request, please contact us at your convenience.

Kind regards,
